Chapter 21 Part-time Student Registration System

Article 82 (Purpose) The University operates a part-time student registration system for expansion of educational opportunities for industrial workers and citizens with the objective of providing an open education system and continuous education.

Article 83 (Qualification and Selection) ① Students shall be selected according to the academic records of high school, interview and work experience among high school graduates or persons recognized for having an equivalent or above academic qualification.

② Students shall be within 10% of the total admission quota of the corresponding year.

Article 84 (Credits Application) ① The credits to complete the course for part-time system students may not exceed 9 credits for every semester.

② The tuition shall be determined by credit.

Article 85 (Others) Other matters related to the part time student registration system shall be set forth separately by the President.
