Chapter 5 Registration and Course Registration

**Article 17 (Enrollment)** ① A student shall register for courses within the prescribed enrollment period of each semester.

② Registration is completed when the student has completed both the course registration and the payment of tuition.

**Article 18 (Credit Registration of Disabled Students)** ① Credit registration is permitted for disabled students recognized by the President of the University, and the student shall pay the corresponding tuition on the applied credits.

② Details on credit registration shall be set forth separately by the President.

**Article 19 (Course Registration)** ① A student shall select courses he/she wishes to take each semester within the due date with the help of the head of his/her department and personally apply for the course. <amended on Sep.1, 2014>

② A student may make a change to the course before the date upon which one third of the courses have elapsed, and a student seeking to change courses must submit and receive approval on the course change application form from the Office of Academic Affairs. <amended on Sep. 1, 2014>

③ If a student is recognized as having significantly low academic capability or significantly
interrupting the class, the in-charge professor may revoke the course registration of the student.

④ Course registration for the school year when the major will be assigned, shall be held after being assigned of the major assignment, and details on the major assignment shall be set forth separately by the President.
